

## **BOYCOTT APARTHEID**

Israel keeps Palestinians under military dictatorship in the West Bank, imposes a starvation siege and illegal blockade on Gaza, and maintains legalized discrimination against Palestinian citizens of Israel.

## **BOYCOTT WAR CRIMES**

In late 2008 Israel broke a ceasefire with Hamas and attacked the captive population in Gaza, killing 1400 people, over 400 of them children. Israel continues to attack Gaza. Amnesty International, the UN, Human Rights Watch, and the Red Cross are calling for war crimes investigations of Israel.

## **BOYCOTT ETHNIC CLEANSING**

Israel was founded in 1948 by driving out over 800,000 Palestinians and destroying over 500 Palestinian villages. Millions of Palestinian refugees are still prevented from returning home. Israel continues to drive out Palestinians and destroy Palestinian homes to create room for more Jewish-only settlements.

## **BOYCOTT CRIMES AGAINST HUMANITY**

Israel repeatedly violates the Geneva Conventions and International Law, defying over seventy UN resolutions, including an annual UN call for a peaceful resolution to the conflict by way of a two-state solution.

*Boycotts, divestment and sanctions are legitimate, moral, nonviolent actions to pressure Israel to comply with basic legal and moral obligations:*

- end the military occupation of Palestinian lands.
- accept the right of Palestinian refugees to return home.
- ensure equal rights for all Palestinians and Israelis.

*Refuse to purchase products made in Israel or made by companies that profit from Israel's crimes.* The time has come to hold the State of Israel accountable for ongoing crimes against the Palestinian people. Tell the US government to stop giving billions to Israel each year until Israel obeys international law.

*HELP STOP ISRAEL'S CRIMES*

### **Dorot food products**

The "Dorot Garlic and Herbs" company was established in Kibbutz Dorot, near Ashkelon, in 1992. The kibbutz was founded in 1941, before the establishment of Israel. Nearby stood a Palestinian village of 800 named Hoj. Upon the expulsion of that village's Palestinian inhabitants during the 1948 war, Dorot and another Israeli settlement took over some 5,500 acres of the village's land.

Dorot has grown to become Israel's largest supplier of frozen seasonings. Dorot sells to food retailers, hotels, and restaurants. Trader Joe's sells Dorot basil paste, crushed garlic, and other herb pastes.

### **Pastures of Eden Imported Feta**

Pastures of Eden is one of many brand names for products sold by the giant Israeli food-cooperative, Tnuva. The Tnuva conglomerate is the largest dairy products manufacturer and food distributor in Israel. Some of its component companies are located in the occupied West Bank.

### **Trader Joe's Israeli Couscous and Trader Joe's Harvest Grain Blend**
